INTERNSHIP

- Angular Developer Intern (Ongoing)** | Infosys Virtual Springboard July 2026 – Present
- Developing the **Government Policy & Public Scheme Intelligence Platform**, delivering scalable public-service workflows and citizen-centric digital solutions.
 - Building **10+ reusable Angular components** using Angular, TypeScript, RxJS, and REST APIs, improving code reusability and maintainability.
- Open Source Developer Intern** | FOSSEE, IIT Bombay (eSim Cloud) May 2026 – Jul 2026
- Developed and enhanced the **Live Collaboration** feature, enabling real-time multi-user interactions and synchronized editing workflows on the eSim Cloud platform.
 - Implemented **Google OAuth 2.0 authentication and callback handling**, ensuring secure login, token management, and seamless user onboarding.
 - Contributed to a **Docker-based open-source codebase**, developing features, fixing issues, and collaborating across services using **React, Django, PostgreSQL, REST APIs, Docker, and Git**.
- SDE Intern** | Mittal Alliance Industries Private Limited Jul 2025 – Aug 2025
- Converted **Figma designs into responsive, production-ready web applications** with pixel-perfect UI implementation.
 - Built reusable UI components and optimized frontend performance to improve maintainability and user experience.
 - Delivered and deployed multiple client-facing websites, including **AARAMBHA** and **EduBraining**.

TECHNICAL SKILLS

Languages: C++, JavaScript, HTML5, CSS3 | **Frontend:** React.js, Next.js, Angular, Tailwind CSS, Angular Material | **Backend:** Node.js, Express.js, REST APIs, JWT Authentication | **Databases:** MongoDB, PostgreSQL, Firebase Firestore | **Tools:** Git/GitHub, Postman, VS Code, Cursor AI, Vercel | **Core CS:** Data Structures & Algorithms (300+ Problems), OOP, DBMS, Operating Systems, Computer Networks

PROJECTS

- SkillCircuit** | *Next.js, React.js, Three.js, Node.js, Express.js, MongoDB* | Live Demo Jan 2026 – Feb 2026
- Developed an AI-powered career platform integrating **5+ modules**, including mock interviews, 3D roadmaps, an ATS resume builder, job tracking, and career guidance.
 - Engineered **Scryft AI Auto-Apply**, enabling automated job applications through AI-driven profile analysis, personalized opportunity matching, and one-click application workflows.
 - Unified **LeetCode, GitHub, GeeksforGeeks, and HackerRank** profiles into a real-time coding analytics dashboard.
- EduStack – AI Course Generator** | *Next.js, PostgreSQL, Drizzle ORM, Firebase* | Live Demo May 2025 – Jun 2025
- Architected an AI learning platform that reduced manual course creation by **90%+** and generated multi-chapter courses in under **60 seconds**.
 - Implemented AI-driven content pipelines to generate **10+ chapter** courses with structured content, code examples, and curated video recommendations.
 - Integrated **Clerk OAuth, Gemini AI, Firebase Storage, and YouTube Data API** for secure authentication and course management.
- JeevanChakra** | *React.js, Node.js, Express.js, Firebase, MongoDB* | Live Demo Feb 2025 – Mar 2025
- Build a full-stack healthcare platform supporting doctor discovery, appointment booking, and AI-driven patient assistance.
 - Processed a dataset of **17,000+ doctors** with advanced search and filtering capabilities.
 - Deployed Firebase-based authentication and role-based dashboards, onboarding **500+ users monthly**.

EDUCATION

VIT Bhopal University Bhopal, Madhya Pradesh
B.Tech. in Computer Science CGPA: 9.19 / 10 Aug 2023 – May 2027

CO-CURRICULAR ACTIVITIES

- Open Source & Campus Leadership:** Top-25 **VSOC'24** Contributor; **GSSOC'24 & GSSOC'25 Contributor**; **GSSOC'24 Campus Ambassador**; **GSSOC'26 Project Mentor**; contributed to **Hacktoberfest** and multiple open-source initiatives; active member of **NSS** and **Startup Club**; organized the **First Industry Conclave 2024** and coordinated flagship events including **SIH** and **Convocation** at VIT Bhopal.
- Hackathons & Competitions:** Finalist at **HEALTH HACK–Johns Hopkins & VIT (2024)**; National-level Finalist at **Hackground India 2K25 (ThoughtWorks)**; Semi-finalist in the **TATA Imagination Challenge (2024, 2025)**.
